Forecast for Monday 07 Dec 2020

Weather: Mostly cloudy with a few passing light showers these falling as snow above 750m. In the afternoon some sunny intervals developing though possibly some capping cloud remaining as well as the odd shower. Then becoming dry with some longer clear spells on low ground, still the chance of some patchy cloud on the tops.

Chance of cloud free mountain/hill tops above 700m: 30%, some clearances but not guaranteed.

Visibility: Away from the cloud and any low level fog in the early hours, mostly good with brief reductions in showers.
